

SCENARIOS

Scenario 1:

Walk up to the screen and speak aloud. Interact with the screen and tell us where you would like to go. Tell us your first impressions and expectations.

When you have completed this, say, “Done.”

Scenario 2:

After your roommate earned a discount on last month's rent because he had a low trash level and high recycling level, you want one as well. Open an account in this interface and scan your first item.

When you have completed this, say, "Done."

Scenario 3:

You have been recycling for over three months and have earned cash rewards. Check your progress and redeem your rewards.

When you have completed this, say, “Done.”

Scenario 4: After the University of Washington installed this prototype in all of their residential housing facilities recycling statistics can be found. You want to find out how much the building has recycled and if your roommates Josh and Tim are recycling. Find this information.

When you have completed this, say, “Done.”
